Olde English Style

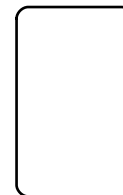

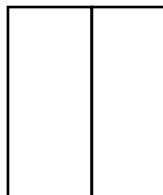

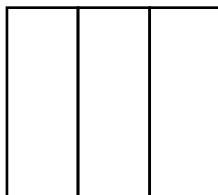

This is a three line font that gives a little extra detail as compared to the more common single and double line fonts. This font is available in large and small case so you must be specific.

Olde Face Style

This font is uniquely Micah's. It has as many as 10 lines and offers incredible detail. This font is available in large case only! If you intend to wait for your engraving in-store, allow extra time for this engraving takes considerably longer due to the detail.
